

Feedback for RRMP Literature Review Summative

Tutor completing summative feedback: Karen Outram	Student number: 447798
Details of any extensions etc: 68%	Submission Attempt: First submission Second submission

Criteria and weighting	Level	Comments
Knowledge and understanding of the topic/ issues under consideration (30%) To provide an overview of current knowledge on the chosen topic	Excellent	Excellent knowledge and understanding of the topic, with a thorough investigation of the topic context and appropriately targeted research to develop the discussion
Criticality (30%) To highlight similar and contrasting views on your chosen topic	Excellent	Excellent critical discussion, with an effective investigation into the pros and cons of research and the discussion generally
Use of relevant sources (20%) To demonstrate an awareness of relevant, current literature	Excellent	Excellent use of relevant research resources. The content reflects a genuine attempt to answer the summative research question posed
Structure and Presentation (as detailed in the assessment guidance) (10%) To showcase your research and writing skills.	Excellent	Mostly excellent structure and presentation of the content. Do just remember to put your list of references on their own page. You do have a strong written academic style and so take this approach forward to your future summative
Academic integrity (10%)	Very Good	This is one area that could be improved slightly. Whilst you have an effective written style, you need to cite all the way thorough your assignment. Where there is fact, theory and research ensure that you cite

To showcase your research and writing skills.		
Overall		
<u>Positives:</u> <ul style="list-style-type: none">• Mostly excellent outcomes• With very good academic integrity• And a very good outcome overall		
<u>Points for development:</u> <ul style="list-style-type: none">• You do need to cite all the way through the assignment• Where there is fact or research cite• This is part of achieving academic conventions
